

Leisure and Entertainment in the 20<sup>th</sup> Century Homework – Year 6 Spring 2

What changed in Leisure and Entertainment in the 20<sup>th</sup> Century? Using the images below, find out in-depth about any of the events shown. For the events, you could create a newspaper report, create a fact sheet, create powerpoints to explain what happened (or how things have changed!) using internet research skills – the choice is yours!

You need to find out about at least 3 things in details (at least a page of written information on top of any images included). What you find out needs to be returned to school by Friday 5<sup>th</sup> April.
